VILLA-LOBOS: **NEW YORK SKY LINE MELODY** - GRÁFICO DERIVADO DA VERSÃO DE 1957. (C. KATER, 1982)

New York Skyline Melody (1939)

The coronal suture of the skull [has] a certain similarity to the closely wound line […]of a phonograph […] Suppose, one played a trick on this needle and caused it to retrace a path not made by the graphic translation of a sound, but self-sufficing and existing in nature […] what would happen? …
